|---|-------------|-------------------------|------------|
| 1. Lamp                                     | 6V - 21W    | 16. Engine run switch   |            |
| 2. Lamp                                     | 6V - 3W     | 17. Ignition switch     |            |
| 3. Lamp                                     | 12V - 1.2W  | 18. Ignition coils      |            |
| 4. Lamp                                     | 12V - 1.2W  | 19. Spark plugs         |            |
| 5. Lamp                                     | 12V - 1.2W  | 20. Electronic ignition |            |
| 6. Lamp                                     | 6V - 3W     | 21. Resistance          |            |
| 7. Lamp dual-filament                       | 6V - 40/45W | 22. Pick-up             |            |
| 8. Lamp                                     | 6V - 3W     | 23. Magneto             |            |
| 9. Flasher                                  | 6V 40W      | 24. Battery             | 6V 9Ah     |
| 10. Relay lamp                              | MTP/1A 50   | 25. Neutral switch      |            |
| 11. Relay charge                            | MLP/1C/10   | 26. Stop light switch   |            |
| 12. Diode                                   | 1R21 PT 20  | 27. Lamp                | 6V - 21W   |
| 13. Fuse                                    | 15A         | 28. Lamp                | 6V - 5/21W |
| 14. Impedance                               | 2 level     | 29. Horn                |            |
| 15. Controls: lights,<br>horn, turn signals |             |                         |            |
