WIRING DIAGRAM KEY - Brevia 1100

- Multiple connectors
- Clutch switch
- Starter relay
- Light relay
- Right dimmer switch
- LED illuminating HAZARD button
- HAZARD Push-button
- Warning horn
- Left dimmer switch
- Instrument panel air temperature thermistor
- Instrument panel
- Key-operated switch
- Immobilizer Antenna
- Heated handgrips
- Heated handgrips control
- Rear Hght tum indicator
- Tail light (LED)
- Rear left turn indicator
- Number plate light
- Rear stop light switch
- Front stop light switch
- Diagnostics connector
- Auxiliary fuses
- Main fuses
- Starter motor
- Battery
- Power socket
- Generator
- Injection main relay
- Injection auxiliary relay

- Oil pressure gauge
- Neutral light switch
- Lambda sensor
- Side stand switch
- Fuel level sensor
- Fuel pump
- Intake air temperature thermistor
- Head temperature thermistor
- Automatic choke
- Throttle sensor
- Rh cyl. inner spark plug
- Rh cyl. outer spark plug
- Lh cyl. inner spark plug
- Lh cyl. outer spark plug
- Rh cyl. double coil
- Lh cyl. double coil
- Rh cylinder injector
- Lh cylinder injector
- Speed sensor
- Bank angle sensor
- Pick-up
- Pick Up cable shielding
- E.C.U.
- Front left turn indicator
- Parking light bulb
- Low beam bulb
- High beam bulb
- Headlight
- Front right turn indicator
- Instrument panel diag
