I can hear your words of obfus---cation

Em F#M11ADDD Gm6add4 B11addD/F# Em
But your wicked wit can't hide your lies

Em F#M11ADDD Gm6add4 B11addD/F# Em
Your innocence lies far, far be—hind you

Em F#M11ADDD Gm6add4 B11addD/F# Em
I can see the evil in your eyes.

Before you tell me another story

Em B7 Em
Beware I won't be fooled again

I once believed everything you told me
Then I found out all your words were lies
When I thought I was your one and only
You were going out with other guys

The best thing for us is lots of distance
A thousand miles should do just fine

*Bye bye - You know
You know I've told you to go
Bye bye - Won't you please
Please leave me alone
Bye bye - Don't want you
Don't want you here no more*

The best thing for us is lots of distance
A thousand miles should do just fine

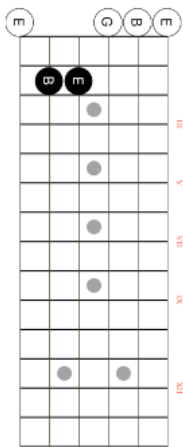

I don't need to hear your words of contrition
Nor do I want to hear your lies
I truly hope you find what you are seekin'
I just know that I won't be that guy

You can say anything you want to
I won't be fooled by you again (3X) Emmaj9
