DEALER NOTICE

Gentlemen:

Please find attached the Moto Guzzi Parts/Price List which is effective from January 1, 1978.

We would like to bring your attention particularly to the 1st page, which indicates general instructions for its use.

With respect to the discount definitions, we have to point out that the definition categorized TBA in brackets indicates parts prices which are to be announced.

On items marked "TBA", it simply means that we did not have available prices at this time from the manufacturers, and rather than delay the issue of this Parts/Price List, this formula was initiated.

Furthermore, we suggest that when you order parts from us you list the items in numerical sequence, as our Parts Department is set up that way. This will enable our Spare Parts personnel to be more effective, thus cutting down delays in getting parts to you. If you are ordering by telephone, the list which you use for this purpose can also be indicative as above, quoting the part numbers numerically on the phone to our staff, as above.

We thank you in advance for your usual cooperation regarding these matters.

Very truly yours,

PREMIER MOTOR CORPORATION
